

## GETTING THERE

Norfolk has a fantastic public transport network with trains to Norwich from London, Liverpool, Cambridge, Peterborough and local links across East Anglia to Great Yarmouth, King's Lynn, Lowestoft and Sheringham.

## GETTING AROUND

When you're on the Norfolk Coast Path there is the Coast Hopper service to help you get from A to B. This service runs regularly from King's Lynn through to Cromer, allowing you to walk a section of the Coast Path and return later that day to where you started, or back to the train station to help you get back home.

## DON'T OVERLOAD YOURSELF

There are companies on the trail that give you the option of walking without having to think about your luggage. They can transfer your bags from point to point so you don't have to do the hard work. You can leave your kit in your room in the morning and it will be waiting for you when you get to your next stop that evening. For more information, please visit our website.

## TRY ONE OF OUR CIRCULAR WALKS

The Norfolk Trails walking network doesn't only have linear routes; each long distance trail across the county has at least one circular walk. Peddars Way has the Pingo Trail - a route showcasing some great examples of the glacial landforms that were scattered across Norfolk during the last ice age.

Norfolk Coast Path has 20 new circular routes along Stretch 1 and 2 of the England Coast Path.

# National Trail Network
